Reference image used with this prompt (upload it with the prompt in your tool):

Create a 30-second fast-paced photoreal cinematic cooking film showing the preparation of authentic birria tacos. Real food, real hands, real kitchen, shot like a high-end macro food commercial. Not animated.

REFERENCE IMAGE

The reference image shows only the finished plate. It fixes how the final tacos, plate, clay cup and lime wedge must look from 21s onward. Do not open on it and do not show the finished dish before 21s.

STYLE

Photoreal, warm summer window light, ultra-detailed food textures, realistic cooking physics, visible steam and moisture, shallow depth of field, macro close-ups, smooth camera movement that never stops, warm Mexican home kitchen atmosphere. Fast rhythmic editing with natural match cuts based on movement, shape, texture, and composition. Nothing is ever still.

LOCKED INGREDIENTS (these counts never change)

4 guajillo chiles and 2 ancho chiles. 3 garlic cloves. 4 large chunks of beef chuck. 3 corn tortillas, which become 3 tacos.

Shredded white Oaxaca cheese. 1 hand-painted ceramic plate. 1 small clay cup. 1 lime wedge.

One cook only: one left hand and one right hand, the same bare forearms in every shot, no rings or jewellery. No object ever moves unless a named hand is moving it or it is falling under gravity.

TIMELINE

0–2.5s — Toast the Chiles
Close-up. The right hand presses the 4 guajillo and 2 ancho chiles flat onto a hot comal, one press at a time. The skins blister and darken while wisps of smoke rise. Crisp rhythmic presses.

2.5–5s — Blend the Adobo
Quick match cuts: the left hand tips the same 6 soaked chiles and 3 garlic cloves into a blender and spins it into a smooth, deep red sauce. The right hand tilts the blender jar and pours the sauce thickly through a strainer held by the left hand.

5–7.5s — Sear the Beef
The right hand uses tongs to lower the 4 large chunks of beef chuck, one by one, into a hot heavy pot. Intense sizzling surrounds them as a dark brown crust forms. Detailed fat movement.

7.5–9.5s — Braise
The right hand tilts a bowl and pours the red adobo over the 4 chunks of beef, and it rises around them. The pot simmers slowly, with small bubbles breaking and a layer of bright red fat forming on the surface.

9.5–12s — Shred the Meat
The left hand holds one fork and the right hand holds a second fork, and together they pull the braised beef apart. The tender fibers separate easily, glistening with red sauce, with gentle steam escaping.

12–14s — Dip the Tortilla
The right hand holds a corn tortilla by its edge and dips it into the red fat on the surface of the consomé. It lifts out fully stained red-orange, dripping in slow red strands.

14–16.5s — Griddle
The right hand lays the soaked tortilla on a hot griddle beside 2 more stained tortillas, 3 in total, with a loud sizzle. Their edges bubble and start to crisp while the red fat pools around them.

16.5–19s — Melt the Cheese
The left hand drops a handful of shredded Oaxaca cheese onto the nearest of the 3 tortillas. It melts into glossy strands. The right hand then piles shredded beef on top.

19–21s — Fold & Crisp
The right hand slides a spatula under the tortilla, folds it in half and presses it down. The melted cheese spills out and fries into a golden lacy crust along the edge. 2 folded tacos crisp behind it, 3 in total. The tortillas stay red-orange.

21–24s — Pour the Consomé
The right hand ladles hot red consomé into the 1 small clay cup, then the left hand sprinkles chopped white onion and cilantro on top. The right hand slides the 3 tacos from the spatula onto the 1 painted plate, with the clay cup resting at the plate's edge and the lime wedge beside it, exactly as in the reference image.

24–26s — The Dip
The right hand lifts 1 taco off the plate, leaving 2 on the plate, and dips it into the clay cup. It pulls away with long strands of melted cheese stretching and dripping red. The camera pushes in.

26–30s — Final Action
The camera keeps arcing around the plate without stopping.

The 2 tacos and the clay cup stay as in the reference image, with steam rising. The right hand raises the dipped taco toward the lens and the cheese strand stretches thinner while red consomé keeps dripping from it. At the same time the left hand squeezes the lime wedge over the 2 tacos on the plate, and juice falls. The film ends in the middle of this action, with the drip still falling and the camera still moving. No held final shot.

AUDIO

Bright 1970s-inspired Latin funk instrumental, 110–120 BPM, with subtle requinto guitar and light bongo percussion. Synchronize realistic ASMR cooking sounds: chili toasting, blender whir, beef searing, bubbling stew, shredding meat, tortilla dipping, griddle sizzle, cheese crackle, and a soft ceramic clink.

End with one delicate marimba tone during the final action.

NEGATIVE

No storyboard, sketch, panels, borders, numbers, arrows, annotations, subtitles, captions, UI, logos, or text overlays. The blender, pot, griddle, cup and plate are unbranded and carry no text or labels. No animation or cartoon look. No extra hands, no floating objects. No unrelated ingredients or dishes. Birria tacos only. Keep the food, hands, utensils, lighting, and environment visually consistent throughout.
