The heading above each prompt names the tool and format it ran with.

Higgsfield, Seedance 2.0 mini, text to video, 480p, 15 s, vertical 9:16, audio on

Stylized 3D animated comedy, original character design, vertical 9:16, 15 seconds.
MUM: adult, late 20s, long wavy dark-brown hair, big blue eyes, purple and white striped dress, visibly pregnant.
DAD: adult, late 20s, curly dark hair, white striped shirt.
BABY: chubby cartoon baby, big blue eyes, red racing suit and red helmet.
0-3s, medium: inside a family car crawling in traffic. Dad in

the striped shirt drives slowly. Mum in the striped dress sits beside him with both hands on her belly, smiling.
3-5s: the camera pushes in on her belly and dissolves into warm orange light.
5-11s, ONE unbroken tracking shot alongside the kart, no cuts: a glowing racetrack winding through soft orange tunnels with sparkles. The baby in the red helmet drives a tiny red kart with a big number 1, overtakes two other tiny karts on a tight bend, crosses a checkered finish line and lifts a tiny gold cup.
CUT TO 11-13s, close: back in the car, Mum's belly gives a big visible kick. She laughs, "He's racing again."
CUT TO 13-15s, two-shot: Dad looks at the traffic jam ahead, sighs, and says, "Faster than me, anyway." Both laugh. Hold on them.
Sound: traffic hum, sparkling chimes, tiny kart engines, a crowd cheer in the dream, a soft kick thump. Lines in natural English. No music, no on-screen text, no logos.
