The heading above each prompt names the tool and format it ran with.

Higgsfield, Seedance 2.0 mini, text to video, 480p, 15 s, vertical 9:16, audio on

Stylized 3D animated comedy, original character design, vertical 9:16, 15 seconds, bright cabin light.
MAN: adult, 30, wavy brown hair, short beard, white T-shirt.
GIRLFRIEND: adult, 28, purple sweater, oversized black sunglasses, brown hair in a bun.
WOMAN IN RED: adult, 30, long brown hair, burgundy dress, small white handbag.
0-3s, medium: a luxury airplane cabin. The man in the white

T-shirt and his girlfriend in the purple sweater sit side by side in wide cream seats. On her armrest is one big round red button under a clear flip cover.
3-6s: the woman in the burgundy dress walks down the aisle and sits across from them. The man in the white T-shirt turns his whole head to watch her and smiles.
6-11s, ONE unbroken shot, the camera slowly pushes in on the couple: the girlfriend in purple lowers her sunglasses and stares at him. He keeps smiling at the woman in red. The girlfriend flips open the clear cover and presses the red button. A panel above his seat opens and his whole seat shoots straight up out of the cabin with a whoosh, cabin air rushing.
CUT TO 11-13s, wide aerial: blue sky and white clouds. The man in the white T-shirt sits in his seat in midair, a small parachute pops open above him, and he says, "...I was looking at the window."
CUT TO 13-15s, close-up: back in the cabin, the girlfriend puts her sunglasses back on, sips her juice and smiles. Hold on her.
Sound: cabin hum, a button click, a big whoosh, wind, a parachute pop. His line in natural English. No music, no on-screen text, no airline logos.
