No reference image: this prompt ran on its own. The title (RULE 01) and the two words under the figures (POLISHER, LAUNCHER) were added afterwards in editing, not by the model.

9:16 vertical, 10 seconds, one locked-off wide shot, the camera never moves, one continuous shot, no edit. A seamless pale sky-blue studio backdrop curves smoothly into a pale sky-blue floor, soft diffuse light from above, soft round floor shadows. Matte clay 3D render. Two smooth clay figures with blank featureless heads, no faces, no eyes, no mouth, no

hair, like artist mannequins wearing clothes. The two figures stand side by side, one in the left half of the frame and one in the right half, both full body and small in frame, with plain empty backdrop above them and plain empty floor below them. Plain everywhere, no writing.

LEFT: a figure in a mustard-yellow knit sweater and olive-green trousers kneels on the floor, holding one perfect glossy red balloon on a short white string in one hand and a small white cloth in the other, polishing the balloon in slow small circles. He stays in this same spot for the whole film.

RIGHT: a figure in a teal work jacket and cream trousers stands inside a small square wicker basket on the floor. A loose bunch of lumpy, mismatched balloons, orange, green, purple, some patched with strips of tape, floats above the basket, tied to its rim by short strings.

0:00 to 0:03. Already moving in the first frame. The right figure ties one more lumpy patched balloon to the basket rim. The left figure polishes.
0:03 to 0:06. The basket lifts off the floor, pulled up by the balloons, the right figure standing inside it, and rises slowly and steadily. The left figure holds his red balloon up to the light, turns it, polishes again.
0:06 to 0:08. The balloons and then the basket rise out of the top of the frame. A soft shadow of the basket slides up the backdrop. The left figure keeps polishing.
0:08 to 0:10. The left figure lowers the cloth and slowly tilts his blank head up toward the empty space where the basket was, still holding his one shiny balloon. The right half of the stage is empty. The film ends on this.

Sound: music only, a light plucked melody that lifts as the basket rises, a soft squeak of the cloth on the balloon. No dialogue.
