No reference image: this prompt ran on its own. The title (RULE 03) and the two words under the figures (SCROLLER, BUILDER) were added afterwards in editing, not by the model.

9:16 vertical, 10 seconds, one locked-off wide shot, the camera never moves, one continuous shot, no edit. A seamless soft mint-green studio backdrop curves smoothly into a mint-green floor, soft diffuse light from above, soft round floor shadows. Matte clay 3D render. Two smooth clay figures with blank featureless heads, no faces, no eyes, no mouth, no hair, like artist mannequins wearing clothes. The two figures are side by side, one in the left half of the frame

and one in the right half, both full body and small in frame, with plain empty backdrop above them and plain empty floor below them. Plain everywhere, no writing.

LEFT: a figure in a lavender hoodie and grey sweatpants sits in a huge soft round cream beanbag, holding a plain black phone close in both hands. We see only the blank back of the phone. Its screen glow lights his blank head a cold blue. He never stands up.

RIGHT: a figure in navy overalls carries a canvas shoulder bag full of red bricks. One red brick lies on the floor in front of him.

0:00 to 0:03. Already moving in the first frame. The right figure takes a brick from his shoulder bag, sets it on top of the first brick and steps up onto them. The left figure scrolls with his thumb and sinks a little deeper into the beanbag.
0:03 to 0:06. The right figure keeps going: brick from the bag, set it one step higher, step up. A red brick staircase grows upward under him, step by step. The beanbag on the left slowly swallows the left figure, now sunk to his shoulders, the blue glow on his head.
0:06 to 0:08. The right figure climbs the top step of the tall brick staircase and rises out of the top of the frame. On the left only the blank head and the blue phone glow show above the beanbag.
0:08 to 0:10. The left figure slowly lowers the phone and tilts his blank head up toward the top of the brick staircase. The film ends on the tall red staircase beside the beanbag.

Sound: music only, a slow muffled lo-fi loop on the left side and a clear rising piano with a soft brick tap on each step. No dialogue.
