No reference image: this prompt ran on its own. The title (RULE 04) and the two words under the figures (GRINDER, REVIEWER) were added afterwards in editing, not by the model.

9:16 vertical, 10 seconds, one locked-off wide shot, the camera never moves, one continuous shot, no edit. A seamless warm sand-coloured studio backdrop curves smoothly into a sand-coloured floor, soft diffuse light from above, soft floor shadows. Matte clay 3D render. Two smooth clay figures with blank featureless heads, no faces, no eyes, no mouth, no hair, like artist mannequins wearing clothes. Plain everywhere, no writing.

THE SET: two identical tall pale grey climbing walls stand side by side, one in the left half of the frame and one in the right half, each about four times a figure's height, the top edge of both walls in view. Each wall has the same rounded climbing holds in plain colours, yellow, blue, coral. A thick dark blue crash mat lies at the foot of each wall. Plain empty floor below the mats.

LEFT: a figure in a red tank top and black shorts.
RIGHT: a figure in a white t-shirt and green trousers.

0:00 to 0:04. Already moving in the first frame. The left figure runs at his wall, grabs the low holds and scrambles up fast, two holds high, then his feet slip and he slides down onto the soft mat. He jumps up and does it again. The right figure stands still on his mat, blank head tilted up, tracing the route in the air with one pointing finger, hold to hold.
0:04 to 0:07. The right figure steps onto the wall and climbs smoothly, one hand to a hold, one foot to a hold, steady and calm, rising up his wall. The left figure scrambles once more and slides back down onto the mat, then sits on it.
0:07 to 0:10. The right figure reaches the top edge of his wall and sits on it, legs hanging down, small at the top of the frame. The left figure sits on his mat at the bottom and slowly tilts his blank head up toward him. The film ends on the height between them.

Sound: music only, a fast scratchy beat under the left figure's tries and a soft thud on each slide, then a calm rising tone as the right figure climbs. No dialogue.
