Frozen Second

12 s · vertical 9:16 · 7 prompts in build order · 12,621 characters

Every prompt behind this film, in order. It is open source. Remix it, rewrite it, make it yours.

Want the next one? Message **@irushi.ai**: https://ig.me/m/irushi.ai

These prompts ran in order and the later ones use reference images: the sheets, frames and stills made by the earlier image prompts. Make those first, then upload them with each later prompt where it says image 1, @Image1 and so on. The heading above each prompt names the tool and format it ran with.

1. Production package · nano_banana_pro 4K · Higgsfield

Reference binding: image 1 is the existing product sheet: keep the bottle's exact shape (squat rounded clear glass, thick shoulders, short neck), the very dark glossy cold brew inside, the condensation beads and the heavy clear tumbler; but the label band in this production must be COMPLETELY BLANK cream paper with no printing: remove every word and

line from it. Image 2 is the existing character sheet of RAFI: keep only his forearm and hand (warm medium-brown skin, oatmeal chunky cable-knit sweater sleeve pushed halfway up the forearm, one thin black hair tie on the wrist). Image 3 is the existing kitchen set sheet: keep the white grey-veined marble counter with its squared front edge, the sage-green cabinets and the warm raking morning sunbeam. Ignore all sheet layouts and view labels.

One single production package board for an original photoreal macro beverage commercial, laid out as a clean film pre-production document on a dark charcoal background, 16:9, four clearly separated panels:

PANEL 1 (left column) HAND: Rafi's RIGHT hand and forearm only, photoreal: warm medium-brown skin, natural knuckles and nails, five fingers wrapped around the body of the bottle with the thumb on top, holding it tilted about 45 degrees neck-down as if pouring; the oatmeal chunky cable-knit sweater sleeve pushed halfway up the forearm; ONE thin black hair tie on the wrist. A second small view of the same hand from the other side. No face, no other person.

PANEL 2 (centre, the largest panel) SET FROM CAMERA A, early morning, photoreal macro: camera at counter-top height in front of the counter, 100mm macro lens look, shallow depth of field. On the white grey-veined marble, centred near the squared front edge: ONE heavy clear straight-sided tumbler with a thick base, holding exactly THREE clear square ice cubes, empty of liquid. ONE low warm raking sunbeam comes from frame right and slightly behind and backlights the glass gold; a few soft dust motes. Sage-green cabinets and a far-back terracotta basil pot softly out of focus behind. Nothing else on the counter. No people in this panel.

PANEL 3 (top right) FLOOR PLAN: a clean top-down diagram: the counter as a long rectangle running left-right, the window and sunbeam arrow on the right, the tumbler T centred near the front edge, a hand icon H coming in from the back-right

holding the bottle B above T. Camera icon A on the front side facing the glass, and a curved dotted arrow from A sweeping about 60 degrees to the left around the glass to a second camera icon A2 (front-left three-quarter).

PANEL 4 (bottom right) PROPS, product-photo style on dark grey: the uncapped bottle standing upright, front-on, with its BLANK cream label band and condensation; the empty tumbler with three ice cubes beside it. Count: 1 bottle, no cap, 1 tumbler, 3 ice cubes.

Short white panel titles only (HAND, SET A, FLOOR PLAN, PROPS). No other text, no letters on the bottle or label, no logos, no brand marks anywhere.

2. Opening frame · nano_banana_pro 2K · Higgsfield

Reference binding: image 1 is the production package (hand, set from camera A, floor plan, props): keep the hand, sleeve, hair tie, bottle shape with its BLANK cream label band, the tumbler with three ice cubes, the marble and the light exactly; ignore panel layouts and titles. Image 2 is Rafi's character sheet for the skin tone, sleeve and hair tie only.

Opening frame of a photoreal premium macro beverage commercial, vertical 9:16, 100mm macro lens look, camera at counter-top height in front of the counter, shallow depth of field, crisp high-speed-camera detail. Early morning: ONE low warm raking sunbeam from frame right and slightly behind backlights the glass and the liquid gold; a few soft dust motes; sage-green cabinets softly out of focus behind.

Composition:
- Lower half, centred: ONE heavy clear straight-sided tumbler with a thick base on the white grey-veined marble, near the squared front edge, holding THREE clear square ice cubes; a little dark cold brew already covers the bottom of the glass, around the lowest cube.
- Upper half: Rafi's RIGHT hand enters from the top-right

corner, warm medium-brown skin, five fingers wrapped around the body of the squat clear glass bottle with the thumb on top, the oatmeal cable-knit sweater sleeve pushed halfway up the forearm, ONE thin black hair tie on the wrist. The bottle is tilted about 45 degrees, its uncapped neck pointing down-left, just above the rim of the tumbler. Its label band is plain blank cream paper, with no printing at all, partly turned away.
- One continuous glossy ribbon of very dark cold brew pours from the bottle's neck straight down into the glass onto the top ice cube, backlit amber-gold by the sunbeam; tiny droplets around the point of impact.
Nothing else on the counter. No cap, no second glass, no face, no other hands. No text, no letters, no numbers, no logos anywhere. Natural hand anatomy with five fingers.

3. Splash keyframe K2 · nanobanana_pro · InVideo

Reference binding: image 1 is the opening frame of this same scene: keep the same hand, sleeve, hair tie, bottle with its BLANK cream label band, tumbler, three ice cubes, marble, kitchen and morning light exactly. Image 2 is the production package (floor plan: camera A2 is the front-left three-quarter position). Ignore panel layouts and titles.

A single vertical 9:16 frame from a photoreal premium macro beverage commercial: a FROZEN INSTANT, seen from camera A2: the camera has moved about 60 degrees to the left around the glass at the same counter-top height, now looking at the glass from the front-left three-quarter, 100mm macro lens, closer than image 1: the tumbler fills the lower two thirds of the frame. Time is stopped dead, high-speed-camera crispness: the glossy ribbon of very dark cold brew hangs motionless between the bottle's neck at the top of the frame and the top ice cube; where it hits the cube, a small frozen crown splash of dark coffee and a dozen round droplets hang suspended in mid-air, each droplet backlit amber-gold by the low warm sunbeam (now coming from behind the glass, frame right). Dust motes hang motionless.

Rafi's hand still holds the tilted bottle at the top of the frame, perfectly still, the oatmeal sleeve and the black hair tie visible at the top edge. The glass is about a quarter full. THREE clear square ice cubes. Sage-green cabinets softly out of focus behind.
Nothing else on the counter. No cap. No face. No text, no letters, no logos anywhere; the label band is plain and blank.

4. Packshot keyframe K4 · nanobanana_pro · InVideo

Reference binding: image 1 is the opening frame of this same scene: keep the same bottle with its BLANK cream label band, the tumbler, three ice cubes, marble, kitchen and morning light exactly. Image 2 is the production package. Ignore panel layouts and titles.

A single vertical 9:16 hero packshot frame from a photoreal premium beverage commercial, camera A2: front-left three-quarter at counter-top height, 85mm lens, slightly wider than a close-up. On the white grey-veined marble near the squared front edge: the heavy clear tumbler, now two thirds full of very dark cold brew over THREE clear square ice cubes, a few drops sliding down the outside; and just to its RIGHT, standing upright, the squat clear glass bottle, uncapped, about a third full, its plain BLANK cream label band facing the camera, condensation beads on the glass. The low warm morning sunbeam from frame right backlights both amber-gold; soft dust motes. Sage-green cabinets softly out of focus behind. The product sits in the lower half of the frame; the upper third is clean, soft, out-of-focus kitchen space with nothing in it. No hand, no people. No cap. No text, no letters, no logos anywhere.

5. THE SCENE (take 2, in the cut) · seedance_2_5.r2v · InVideo · 12 s, 720p native, 9:16, bitrate high, native audio

Reference binding: image 1 is the OPENING FRAME of shot 1: start exactly on it (same hand, bottle, glass, ice, light). Image 2 is the SPLASH KEYFRAME: what the crown splash off the top ice cube looks like at its peak in shot 1. Image 3 is

the PACKSHOT KEYFRAME (camera A2): end the scene exactly on this composition. Image 4 is the PRODUCTION PACKAGE (hand, set, floor plan, props). Image 5 is Rafi's character sheet, for the skin tone, sleeve and hair tie only. Ignore panel layouts and titles.

Create an exactly 12-second vertical 9:16 photoreal premium macro beverage commercial: one continuous moment on one kitchen counter, TWO shots with one hard cut, no dialogue, no voice, native sound only.

Concept: a hand pours cold brew over ice in real time, a crown splash leaps off the ice, the glass fills steadily, and the hand sets the bottle down beside the glass.

Look: photoreal high-end beverage commercial, 100mm macro lens, shallow depth of field, crisp high-speed-camera detail, rich glossy liquid, real glass refraction and condensation. Light, the same in every shot: early morning; ONE low warm raking sunbeam from frame right backlights the glass and the coffee amber-gold; soft dust motes; sage-green cabinets and white marble softly out of focus behind.

CONTINUITY LOCK (every frame of every shot):
- HAND: Rafi's RIGHT hand and forearm only, entering from the top-right: warm medium-brown skin, five fingers wrapped around the bottle's body with the thumb on top, an oatmeal chunky cable-knit sweater sleeve pushed halfway up the forearm, ONE thin black hair tie on the wrist. No face, no other person, no second hand.
- BOTTLE (exactly one): clear glass bottle with rounded shoulders and a short neck, uncapped, very dark glossy cold brew inside; ONE plain matte cream paper label band with NO printing at all; condensation beads. It is held in the hand in every frame until the hand sets it down in shot 2; its own coffee level drops slowly as it pours and it is still about a third full at the end; it never floats, never moves without the hand.
- TUMBLER (exactly one): heavy clear straight-sided tumbler with a thick base, on the marble near the front edge; it never

moves. THREE clear square ice cubes inside. Coffee level: low at the start, rising STEADILY and smoothly only while coffee pours, never jumping, two thirds full when the pour stops.
- Liquid: coffee flows only from the held bottle's neck into the glass. Not one drop lands on the marble.
- No other objects on the counter. No cap. No text, no letters, no logos anywhere; the label band stays blank.
- Geography: the camera stays on the front side of the counter at counter-top height; it never crosses the glass, never shoots from behind the window, no reverse angle.

SHOT 1 (0-7s) CAMERA A, hard requirement: 100mm macro at counter-top height, exactly the opening frame, a very slow steady push-in toward the glass, real-time speed. The hand pours: one continuous, THICK glossy ribbon of dark cold brew falls from the bottle's neck onto the top ice cube for the whole shot. At about 2 seconds a small crown splash of coffee and a few round droplets leap up off the top ice cube, shaped like image 2, and fall straight back down into the glass within half a second; none land on the marble. The coffee level rises steadily and smoothly from low to two thirds over the whole shot, never jumping. At about 6 seconds the hand turns the bottle upright in one small, smooth wrist turn of about 45 degrees: the neck stays above the rim, the bottle never goes past horizontal, and the pour stops cleanly at the neck. <a rich steady liquid pour over ice> <one bright splash> <ice clinking>
SHOT 2 (7-12s) CAMERA A2, hard requirement: front-left three-quarter at counter-top height, 85mm, slightly wider, a slow push-in ending exactly on the packshot composition of image 3. The hand holds the upright bottle just above the marble to the RIGHT of the glass, lowers it and sets it down with a soft glass knock, lets go, and withdraws up and out of frame to the right. The bottle and the glass then stand still side by side in the sunbeam, the upper third of the frame clean and empty. <a soft glass knock on marble> <one quiet ice clink>

Do not show subtitles, captions, letters, numbers or any text; the label band stays blank. Do not show logos or brand marks. Do not add music. Do not let the bottle float or move without the hand. Do not let coffee appear anywhere except inside the bottle, in the ribbon and in the glass. Do not move the glass. No second bottle, no second glass, no cap, no extra hands, no people, no faces. Five fingers on the hand. Audio: close, crisp product sound design: the pour over ice, the splash, ice clinks, a soft glass knock. No music, no voices.

6. Sound effects (v1, reused, InVideo elevenlabs_sfx, 0.15 cr each)

Time freezing: a sharp reversed airy suck-in whoosh that cuts to a low warm sustained hum, glassy shimmer, cinematic

6. Sound effects (v1, reused, InVideo elevenlabs_sfx, 0.15 cr each)

Premium drink packshot sonic logo: two clear ice cubes clinking in a heavy glass, then a soft warm airy chime that rings out
