These prompts ran in order and the later ones use reference images: the sheets, frames and stills made by the earlier image prompts. Make those first, then upload them with each later prompt where it says image 1, @Image1 and so on. The heading above each prompt names the tool and format it ran with.

Premium Korean romance drama, photorealistic, K-drama idol visual polish, ARRI look, 50mm and 85mm anamorphic, very shallow depth of field, creamy amber and teal bokeh, subtle handheld tension, sharp reaction close-ups. Vertical 9:16. Native audio: close, clear Korean dialogue, neon hum, night wind, distant city. No music. No on-screen text, no

subtitles, no captions, no logos.
Scene: the flat rooftop of an old red-brick villa in a hillside Seoul neighbourhood, full night, near-black sky, city lights as soft bokeh. Behind them on the parapet stands one round neon moon sign: one closed circle of amber glass tube with one straight vertical bar through its centre.
Reference images: the START FRAME is the opening two-shot. Image 1 is the cast sheet (identity only). Image 2 is the exact framing, side and light for every close-up of DO-JIN: over her LEFT shoulder, her dark hair and shoulder soft at the LEFT edge of frame, he looks toward screen-LEFT, a DARK unlit brick wall in deep shadow behind him with city bokeh at the top. Image 3 is the exact framing and light for every close-up of HA-EUN: three-quarter, looking toward screen-RIGHT, the half-lit ring soft above and behind her head at that size.
Characters (identity from the cast sheet): HA-EUN, woman, 29, neon repairwoman, black hair in one low ponytail, small silver hoop earrings, charcoal canvas work jacket over a cream knit top; tired, dry, secretly fond. DO-JIN, man, 31, her neighbour, soft wavy black hair, round thin gold wire glasses, navy cardigan worn open over a white T-shirt; shy, guilty, sincere. She is always on screen-left looking right; he is always on screen-right looking left; neither ever looks into the lens.
Sign state for this whole clip: only the LEFT half of the ring (left arc and centre bar) glows amber; the RIGHT arc is a dark unlit tube. The left half never dims or blinks. Same night grade in every shot: near-black sky, amber neon key from frame left, cool blue fill; no flat or warm-lit walls.

[00:00-00:02] Tight two-shot at eye height, exactly the start frame, handheld drift, wind lifting her loose strands. She turns her head to him. HA-EUN, deadpan: "또예요? 이번 달만 열두 번째예요." (Again? That's the twelfth time this month.)
[00:02-00:04] Close-up on DO-JIN, framed exactly like image 2 (her shoulder at frame LEFT, he looks screen-LEFT, dark brick behind). Caught, his eyes slide away from her: "요즘 바람이 세서요." (The wind's been strong lately.)

[00:04-00:06] Close-up on HA-EUN, framed exactly like image 3, her eyes level on him at screen-right. DEADPAN and unimpressed: flat mouth, one eyebrow slowly rising; NOT smiling, NOT wide-eyed, NOT looking up at the sky: "바람이 플러그를 뽑아요?" (The wind pulls out plugs?)
[00:06-00:09] Close-up on DO-JIN again, exactly image 2's framing, side and dark light. Cornered, not smiling: he swallows, and his right hand slides into his cardigan pocket at the bottom of the frame and stays there. He murmurs: "...그게요." (...About that.) Hold on his guilty face.

Reference images: the START FRAME is the last frame of the previous clip: begin exactly on it. Image 1 is the cast sheet (identity only). Image 2 is the exact framing, side and light for every close-up of DO-JIN: over her LEFT shoulder, her dark hair and shoulder soft at the LEFT edge of frame, he looks toward screen-LEFT, a DARK unlit brick wall in deep shadow behind him with city bokeh at the top. Image 3 is the exact framing, size and light for every close-up of HA-EUN: a TIGHT close-up, her face filling about 40 percent of the frame, three-quarter, eyes LEVEL on him at screen-right, the half-lit ring behind her head at that size.
Characters (identity from the cast sheet): HA-EUN, woman, 29, neon repairwoman, black hair in one low ponytail, small silver hoop earrings, charcoal canvas work jacket over a

cream knit top; tired, dry, secretly fond. DO-JIN, man, 31, her neighbour, soft wavy black hair, round thin gold wire glasses, navy cardigan worn open over a white T-shirt; shy, guilty, sincere. Sign state for this whole clip: only the LEFT half of the ring glows amber; the RIGHT arc is dark. Same night grade in every shot: near-black sky, amber neon key from frame left, cool blue fill. Story prop: ONE small black plug (matchbox-sized, two round metal pins) with ONE thin black cable leaving its back and hanging down out of frame; it moves only in his hand.

[00:00-00:03] Close-up on DO-JIN, exactly the start frame, framed from mid-chest up so his hands are inside the frame, light handheld. GUILTY: eyes down, lips pressed, NOT smiling. He draws the small black plug out of his cardigan pocket and lifts it to the CENTRE of the frame at chest height, held between thumb and two fingers, its two metal pins facing her, its thin black cable hanging down out of the bottom of the frame. "제가 뽑았어요. 매일 밤." (It was me. Every night.)
[00:03-00:05] Reaction close-up on HA-EUN, exactly image 3's framing and size, her eyes LEVEL on him at screen-right. STUNNED: lips parted, eyes wide and still; NOT smiling, eyes NOT closed, NOT looking up. Her eyes drop to the plug, then rise back to his face. "...왜요?" (...Why?)
[00:05-00:09] DO-JIN, image 2's side and dark light. The camera physically moves in during these four seconds, from mid-chest up to a tight close-up of his face. He lifts his eyes to hers for the first time, sincere, not smiling, voice low and unsteady: "고장 나면... 당신이 올라오니까요." (When it breaks... you come up here.)

Image 4 is the close insert of the hands at the junction box (framing and light for the insert). Image 3 is the exact framing, size and light for every close-up of HA-EUN: a TIGHT close-up, her face filling about 40 percent of the frame, three-quarter, eyes LEVEL on him at screen-right, the half-lit ring behind her head at that size.

She is always on screen-left looking right; he is always on screen-right looking left; neither ever looks into the lens.
Story props: ONE small black plug with ONE thin black cable; ONE small grey metal junction box with ONE round black socket on the parapet wall. The plug moves only in a hand. Sign states: until the plug is seated, only the LEFT half of the ring glows; after it is seated, only the dark RIGHT arc fades up to amber over half a second and the whole circle glows. The left half never dims; the ring is never fully dark. Same

night grade in every shot: near-black sky, amber neon key from frame left, cool blue fill; no lit walls.

[00:00-00:01] DO-JIN, exactly the start frame. He holds the plug out toward her on his open palm.
[00:01-00:03] Close insert on hands at the grey junction box, framed like image 4, full night, amber spill from frame left: HA-EUN's fingers lift the plug off his palm, carry it to the socket and push it in until its two pins disappear and the plug body sits flush in the socket; it stays seated. A firm plastic click.
[00:03-00:06] Close-up on HA-EUN, exactly image 3's framing, size, face and jacket, eyes level on him at screen-right. Behind her head, soft and keeping its size, the dark RIGHT arc of the ring fades up to amber and the whole circle glows; the new warm light spreads onto her hair and cheek. She takes a breath and a slow smile starts; NOT looking up at the sign. Neon hum swells into a warm tone.
[00:06-00:07.5] Same close-up on HA-EUN, the whole ring glowing behind her, a teasing smile, eyes level on him: "내일도 고장 날 것 같은데요." (I think it'll break again tomorrow.)
[00:07.5-00:09] Close-up on DO-JIN, image 2's framing, side and DARK unlit brick in deep shadow: he lowers his eyes, then breaks into a shy, delighted smile and looks back up at her. Hold.

Music bed (reused from B01 v1, not regenerated) · elevenlabs_music_v2_5_instrumental

Tender Korean romance drama score cue, 20 seconds, 72 BPM. Solo felt piano, close-miked and intimate, with a soft warm string pad entering underneath at 9 seconds; very sparse for the first 9 seconds (single notes and gentle fifths leaving space for dialogue), a hopeful major-key lift and a small rising piano phrase at 13 seconds, then resolving on a warm sustained chord that rings out from 17 seconds to the end. Gentle, late-night, hopeful, a little shy. No drums, no vocals.
