45 s · vertical 9:16 · 31 prompts in build order · 36,277 characters

Every prompt behind this film, in order. It is open source. Remix it, rewrite it, make it yours.

Want the next one? Message **@irushi.ai**: https://ig.me/m/irushi.ai

These prompts ran in order and the later ones use reference images: the sheets, frames and stills made by the earlier image prompts. Make those first, then upload them with each later prompt where it says image 1, @Image1 and so on. The heading above each prompt names the tool and format it ran with.

SHEET PIP (pick v2) | nano_banana_2 | Higgsfield | 16:9 | 2K still

Create a premium character-design reference sheet on a clean light cream / pale warm-grey studio background for an entirely original tiny robot character named PIP, an AI office intern. Organise the image like a professional high-end 3D

animated feature-film character model sheet. Every view must show the exact same PIP with strict identity, proportions, materials and glow colour.
At the top-left, include the simple title "PIP". Under it, small info: TYPE: tiny AI intern robot, HEIGHT: 10 cm (palm-sized), PERSONALITY: eager / tireless / proud / earnest, STYLE: premium 3D animated character. Include a small colour palette strip: FROSTED WHITE BODY, MINT-CYAN GLOW, GLOSSY BLACK FACE SCREEN, SOFT GREY JOINTS.
Show a large full-body front view and a full-body side view on the left; a large full-body 3/4 hero view and a full-body rear view in the centre; head front, head side and head 3/4 on the right. Along the bottom, an expression strip with six expressions made only with the eyes: EAGER, FOCUSED, PROUD, SURPRISED, SLEEPY, DETERMINED. Beside it, three small action poses: sprinting mid-stride, juggling three small glowing cards, saluting.
PIP is a completely original design: a smooth rounded pebble-shaped body (wider at the bottom, slightly egg-like) made of soft frosted white material that glows gently mint-cyan from inside. The front of the head-body has one dark glossy oval face screen with two large rounded mint-cyan glowing eyes; there is no mouth; emotion comes from the eye shapes squashing and stretching. One short thin antenna on top with a small glowing mint bead. Two short stubby arms with three-finger mitten hands in soft grey. Two short legs with small round feet in soft grey. Around its neck a tiny lanyard cord holding a small completely blank white card with no text and no logo.
Premium 3D CGI animated-feature rendering, soft subsurface glow, clean studio lighting, subtle contact shadows. PIP must not resemble any existing film robot, toy, mascot, app icon or company logo. No logos, no brand marks, no text other than the sheet title and labels. No environment, no other characters.

SHEET NOOR (pick v2) | nano_banana_2 | Higgsfield | 16:9 | 2K still

Create a premium character-design reference sheet on a clean light cream / pale warm-grey studio background for an entirely original human character named NOOR, a startup founder. Organise it like a professional 3D animated feature-film character model sheet; every view shows the exact same NOOR with strict identity.
Top-left: the title "NOOR" and small info: ROLE: tired startup founder, AGE: late 20s, PERSONALITY: warm / overworked / funny, STYLE: premium stylised 3D animated human. A small palette strip: MAROON HOODIE, GREY TEE, DARK BROWN HAIR, TORTOISESHELL GLASSES, WARM BROWN SKIN.
Left: full-body front and side views. Centre: full-body 3/4 hero view and rear view. Right: head front, side and 3/4. Bottom: expression strip EXHAUSTED, ASLEEP, SHOCKED, DELIGHTED, LAUGHING, SKEPTICAL; three action poses: dropping a coin into a jar, sleeping face-down on folded arms, raising a coffee mug in a toast.
NOOR: a South Asian woman in her late 20s with warm brown skin, dark brown hair in a messy bun with a yellow pencil stuck through it, round tortoiseshell glasses, small silver stud earrings, an oversized maroon hoodie over a grey t-shirt, dark grey joggers, white socks and grey slippers. Stylised 3D animated-feature human proportions (slightly larger eyes, soft forms), not photoreal, not based on any real person.
No logos or text on clothing. No environment, no other characters. Clean studio lighting, soft contact shadows.

SHEET OFFICE (pick v2) | nano_banana_2 | Higgsfield | 16:9 | 2K still

Create a premium 3D animated-feature environment reference sheet on a light cream background: an EMPTY scene plate, no people, no robots, no characters. Title at top-left: "OFFICE". The location: a cramped one-room startup office at night; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow.

Show four panels labelled VIEW A (front wide of the desk from the chair side, window behind the desk), VIEW B (low desk-level view across the desktop), VIEW C (3/4 view from the right showing the sticky-note wall on the right-hand wall), VIEW D (the same front wide at dawn, warm sunrise through the window). Add a fifth small panel: a clean top-down floor plan diagram of the room with the desk, chair, window and sticky-note wall.
Fixed desk layout in every view: one open silver laptop centre-front; monitor A on the left and monitor B on the right, both on thin arms behind the laptop, screens glowing blue with simple abstract shapes and no text; one desk lamp at the far left with a warm pool of light; one white mug front-left; one small glass jar empty at the front-right corner; one small potted plant beside monitor B; one small pad of yellow sticky notes in front of the laptop. The sticky-note wall has many pastel squares with only scribbled doodles, no readable words. String lights along the top of the window. Premium stylised 3D animated-feature rendering, cosy, slightly cluttered. No logos, no brand marks, no readable text anywhere except the panel labels.

KEYFRAME S1 (pick v2, refs: PIP NOOR OFFICE) | nano_banana_2 | Higgsfield | 16:9 | 2K still

Reference images: the first is PIP (take the robot's body, face screen, mint eyes, antenna, grey limbs and blank badge exactly from its sheet; ignore the sheet layout and labels); the second is NOOR (take her face, glasses, bun with pencil, maroon hoodie exactly from her sheet; ignore the sheet layout and labels); the third is the OFFICE set (ignore the view labels and the floor plan).
Environment: Cramped one-room startup office at night; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow.
Close-up at desk level, 50mm: the front-right corner of the wooden desk. A small empty glass jar; beside it PIP sits dark and powered off on a pad of yellow sticky notes, eyes unlit,

slumped. From the top of frame NOOR's hand (maroon hoodie cuff) holds one shiny gold coin just above the jar's mouth. Laptop glow and city lights soft in the background. Premium 3D animated feature-film still, soft global illumination, gentle depth of field, rich warm-cool contrast. Widescreen 16:9 composition with the main action in the centre of the frame. No text, no letters, no numbers, no logos anywhere: screens show only abstract colour shapes.

VIDEO S1 (take t1, first frame = keyframe S1 v2) | seedance_2_5_draft.frames | InVideo | 16:9 | 4 s

---

The first frame is the attached image; continue from it exactly, keeping every character's look, the room and the props as they appear in it.
Create an exactly 4-second 16:9 premium 3D animated workplace comedy shot. Shot grammar: 50mm | 4s | PUSH-IN | CLOSE-UP.
Logline: NOOR pays her tiny AI intern one gold coin and he starts to wake.
Premium 3D animated feature-film look: soft global illumination, gentle depth of field, rich warm lamp light against cool blue screen glow, expressive but physically believable animation with weight and contact shadows.
World: Cramped one-room startup office; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow. Same desk, same window behind it, same sticky-note wall on the right, same lamp on the left in every shot.
PIP is about 10 cm tall, smaller than the white mug. He has exactly one head-body, two arms, two legs and one antenna. He has no mouth; he emotes only with his two glowing eyes. One PIP only: no duplicates, no motion-trail copies, no ghost bodies.
Beats:
0-1.5s: slow push-in on the front-right corner of the desk; PIP sits slumped on the yellow sticky-note pad, eyes dim and sleepy; NOOR's hand holds one gold coin above the small

glass jar.
1.5-2.5s: her fingers release the coin; it drops straight into the jar and lands on the glass bottom with a bright clink and one small bounce. <coin clink in glass jar>
2.5-4s: her hand withdraws out of frame; PIP's eyes flicker once, then stay dim; the push-in ends close on PIP and the jar. <soft electronic hum starting>
Continuity: Exactly one gold coin and one jar. The coin moves only once: from her fingers into the jar, then it rests on the jar bottom. Every moving object has a visible physical cause.
Do not show any readable text, letters, numbers, logos or brand marks on screens, laptop lids, mugs or clothing; screens show only abstract colour shapes. Do not add other people, robots or animals. Do not let props appear, vanish or duplicate. Do not mirror the room layout. No speech, no singing, no music.
Sound: crisp cartoon sound effects only, as tagged in the beats; room tone; no dialogue, no music.

KEYFRAME S2 (pick v1, refs: PIP OFFICE) | nano_banana_2 | Higgsfield | 16:9 | 2K still

Reference images: the first is PIP (take the robot's body, face screen, mint eyes, antenna, grey limbs and blank badge exactly from its sheet; ignore the sheet layout and labels); the second is the OFFICE set (ignore the view labels and the floor plan).
Environment: Cramped one-room startup office at night; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow.
Medium-close low angle at desk height, 35mm: PIP standing upright on the sticky-note pad, eyes now glowing bright mint in the EAGER shape, one mitten hand raised to his antenna in a crisp salute. The glass jar beside him holds one gold coin. Laptop and monitors glowing behind, soft bokeh.
Premium 3D animated feature-film still, soft global illumination, gentle depth of field, rich warm-cool contrast.
Widescreen 16:9 composition with the main action in the

centre of the frame. No text, no letters, no numbers, no logos anywhere: screens show only abstract colour shapes.

VIDEO S2 (take t1, first frame = keyframe S2 v1) | seedance_2_5_draft.frames | InVideo | 16:9 | 4 s

The first frame is the attached image; continue from it exactly, keeping every character's look, the room and the props as they appear in it.
Create an exactly 4-second 16:9 premium 3D animated workplace comedy shot. Shot grammar: 35mm | 4s | STATIC | MEDIUM-CLOSE LOW-ANGLE.
Logline: PIP powers on, stands and salutes, ready for work.
Premium 3D animated feature-film look: soft global illumination, gentle depth of field, rich warm lamp light against cool blue screen glow, expressive but physically believable animation with weight and contact shadows.
World: Cramped one-room startup office; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow. Same desk, same window behind it, same sticky-note wall on the right, same lamp on the left in every shot.
PIP is about 10 cm tall, smaller than the white mug. He has exactly one head-body, two arms, two legs and one antenna. He has no mouth; he emotes only with his two glowing eyes. One PIP only: no duplicates, no motion-trail copies, no ghost bodies.
Beats:
0-1.2s: PIP sits on the sticky-note pad; his eyes snap from dim to bright mint with a little power-up flicker. <rising robotic power-up chime>
1.2-2.6s: he hops to his feet on the pad and stretches both stubby arms up high, wobbling once. <tiny servo whirr>
2.6-4s: he snaps one mitten hand to his antenna in a crisp salute; his eyes curve into the happy EAGER shape and hold. <small cheerful beep>
Continuity: The jar with one coin stays beside him, unmoved. The camera is locked off. Every moving object has a visible

physical cause.
Do not show any readable text, letters, numbers, logos or brand marks on screens, laptop lids, mugs or clothing; screens show only abstract colour shapes. Do not add other people, robots or animals. Do not let props appear, vanish or duplicate. Do not mirror the room layout. No speech, no singing, no music.
Sound: crisp cartoon sound effects only, as tagged in the beats; room tone; no dialogue, no music.

KEYFRAME S3 (pick v1, refs: PIP OFFICE) | nano_banana_2 | Higgsfield | 16:9 | 2K still

Reference images: the first is PIP (take the robot's body, face screen, mint eyes, antenna, grey limbs and blank badge exactly from its sheet; ignore the sheet layout and labels); the second is the OFFICE set (ignore the view labels and the floor plan).
Environment: Cramped one-room startup office at night; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow.
Medium side tracking view across the open silver laptop keyboard, 35mm: PIP mid-sprint across the keys from left to right, one foot on a key, arms pumping, eyes in FOCUSED shape. Above him the laptop screen shows a colourful video-editing timeline made of rounded coloured blocks (no text). Motion energy, keys catching mint light.
Premium 3D animated feature-film still, soft global illumination, gentle depth of field, rich warm-cool contrast. Widescreen 16:9 composition with the main action in the centre of the frame. No text, no letters, no numbers, no logos anywhere: screens show only abstract colour shapes.

VIDEO S3 (take t1, first frame = keyframe S3 v1) | seedance_2_5_draft.frames | InVideo | 16:9 | 5 s

The first frame is the attached image; continue from it exactly, keeping every character's look, the room and the props as they appear in it.

Create an exactly 5-second 16:9 premium 3D animated workplace comedy shot. Shot grammar: 35mm | 5s | TRACK | MEDIUM.
Logline: Job one: PIP edits a video by sprinting across the laptop keyboard.
Premium 3D animated feature-film look: soft global illumination, gentle depth of field, rich warm lamp light against cool blue screen glow, expressive but physically believable animation with weight and contact shadows.
World: Cramped one-room startup office; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow. Same desk, same window behind it, same sticky-note wall on the right, same lamp on the left in every shot.
PIP is about 10 cm tall, smaller than the white mug. He has exactly one head-body, two arms, two legs and one antenna. He has no mouth; he emotes only with his two glowing eyes. One PIP only: no duplicates, no motion-trail copies, no ghost bodies.
Beats:
0-1.5s: lateral tracking shot along the laptop keyboard; PIP sprints from left to right, each footfall pressing one key down. <rapid tiny key clicks>
1.5-3.5s: he leaps over two keys and lands on the trackpad edge; on the laptop screen above him coloured rounded clip blocks slide and snap together into a neat timeline in rhythm with his steps. <soft snaps>
3.5-5s: he skids to a stop at the right edge of the keyboard, turns to the screen and gives a firm nod; the timeline glows once. <whoosh, then a soft success chime>
Continuity: The laptop never moves. Only the coloured blocks on the screen move; they stay inside the screen. Every moving object has a visible physical cause.
Do not show any readable text, letters, numbers, logos or brand marks on screens, laptop lids, mugs or clothing; screens show only abstract colour shapes. Do not add other people, robots or animals. Do not let props appear, vanish or duplicate. Do not mirror the room layout. No speech, no

singing, no music.
Sound: crisp cartoon sound effects only, as tagged in the beats; room tone; no dialogue, no music.

KEYFRAME S4 (pick v2, refs: PIP OFFICE) | nano_banana_2 | Higgsfield | 16:9 | 2K still

Reference images: the first is PIP (take the robot's body, face screen, mint eyes, antenna, grey limbs and blank badge exactly from its sheet; ignore the sheet layout and labels); the second is the OFFICE set (ignore the view labels and the floor plan).
Environment: Cramped one-room startup office at night; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow.
Medium shot, 50mm: PIP standing on the desk in front of monitor A (left), juggling four glowing translucent slide cards in the air above his hands: one with a simple bar chart, one with a pie chart, one with a line chart, one with a photo block (no text on any). Monitor A behind shows a neat stack of slide thumbnails. Eyes in PROUD shape.
Premium 3D animated feature-film still, soft global illumination, gentle depth of field, rich warm-cool contrast. Widescreen 16:9 composition with the main action in the centre of the frame. No text, no letters, no numbers, no logos anywhere: screens show only abstract colour shapes.

VIDEO S4 (take t1, first frame = keyframe S4 v2) | seedance_2_5_draft.frames | InVideo | 16:9 | 5 s

The first frame is the attached image; continue from it exactly, keeping every character's look, the room and the props as they appear in it.
Create an exactly 5-second 16:9 premium 3D animated workplace comedy shot. Shot grammar: 50mm | 5s | DOLLY-IN | MEDIUM.
Logline: Job two: PIP builds a pitch deck by juggling glowing slide cards into the monitor.
Premium 3D animated feature-film look: soft global

illumination, gentle depth of field, rich warm lamp light against cool blue screen glow, expressive but physically believable animation with weight and contact shadows.
World: Cramped one-room startup office; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow. Same desk, same window behind it, same sticky-note wall on the right, same lamp on the left in every shot.
PIP is about 10 cm tall, smaller than the white mug. He has exactly one head-body, two arms, two legs and one antenna. He has no mouth; he emotes only with his two glowing eyes. One PIP only: no duplicates, no motion-trail copies, no ghost bodies.
Beats:
0-2s: slow dolly-in; PIP stands on the desk in front of monitor A juggling four small glowing translucent slide cards in a loop above his hands: a bar chart card, a pie chart card, a line chart card and a photo card. <light airy whooshes>
2-4s: one at a time he flicks each card toward monitor A; each card flies into the screen and lands in a neat stack of slides on the monitor. <four soft pops>
4-5s: with his hands now empty, he dusts his mitten hands together, eyes in the proud shape. <small proud beep>
Continuity: Exactly four cards; each card flies once and ends inside the monitor; none reappear in his hands. Every moving object has a visible physical cause.
Do not show any readable text, letters, numbers, logos or brand marks on screens, laptop lids, mugs or clothing; screens show only abstract colour shapes. Do not add other people, robots or animals. Do not let props appear, vanish or duplicate. Do not mirror the room layout. No speech, no singing, no music.
Sound: crisp cartoon sound effects only, as tagged in the beats; room tone; no dialogue, no music.

KEYFRAME S5 (pick v3, refs: PIP sheet, S5 v1 keyframe, OFFICE sheet) | nano_banana_2_1 | InVideo | 16:9 | 2K still

Reference images: the first is PIP (take the robot exactly from its sheet: a smooth rounded pebble-shaped frosted-white body that is wider at the bottom, one dark glossy OVAL face screen with only two large rounded mint-cyan glowing eyes and NO mouth, one short antenna with a glowing mint bead, short grey stubby arms with mitten hands, short grey legs, a tiny blank lanyard badge; ignore the sheet layout and labels); the second is the previous composition of this shot (keep its camera, desk, monitor B with the voxel game world, lamp and window, but replace the robot with the exact PIP from the first image); the third is the OFFICE set (ignore the view labels and the floor plan).
Environment: Cramped one-room startup office at night; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow.
Medium-close, 35mm: PIP standing on the desk in front of monitor B (right), holding a tiny wooden mallet raised in one mitten hand, about to tap the last glowing green block into a tiny bright voxel game world shown on the monitor screen (green hills, a small castle, little trees, no text, no characters). His two glowing eyes are narrowed in a DETERMINED shape; his face screen has no mouth. His head-body is one rounded pebble shape, not a boxy head. A large key cap from the keyboard at frame bottom.
Premium 3D animated feature-film still, soft global illumination, gentle depth of field, rich warm-cool contrast. Widescreen 16:9 composition with the main action in the centre of the frame. No text, no letters, no numbers, no logos anywhere: screens show only abstract colour shapes.

VIDEO S5 (take t3, first frame = keyframe S5 v3) | seedance_2_5_draft.frames | InVideo | 16:9 | 5 s

The first frame is the attached image; continue from it exactly, keeping every character's look, the room and the props as they appear in it.
Create an exactly 5-second 16:9 premium 3D animated workplace comedy shot. Shot grammar: 35mm | 5s | PUSH-

IN | MEDIUM-CLOSE.
Logline: Job three: PIP ships a game build: last block, then a jump on the big key.
Premium 3D animated feature-film look: soft global illumination, gentle depth of field, rich warm lamp light against cool blue screen glow, expressive but physically believable animation with weight and contact shadows.
World: Cramped one-room startup office; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow. Same desk, same window behind it, same sticky-note wall on the right, same lamp on the left in every shot.
PIP is about 10 cm tall, smaller than the white mug. He has exactly one head-body, two arms, two legs and one antenna. He has no mouth; he emotes only with his two glowing eyes. One PIP only: no duplicates, no motion-trail copies, no ghost bodies.
Beats:
0-1.8s: PIP in front of monitor B swings his tiny mallet and taps the last glowing green block into place in the small voxel game world on the screen. <wooden tock>
1.8-3.2s: he drops the mallet, runs two steps and jumps with both feet onto the large key cap at the front of the keyboard; the key presses down under him. <deep satisfying key thunk>
3.2-5s: monitor B bursts with bright green light and colourful pixel confetti inside the screen; the little voxel castle lights up; PIP throws both arms up in triumph. <confetti pop, small fanfare blip>
Continuity: The mallet is dropped once and stays on the desk. The confetti stays inside the monitor screen. Every moving object has a visible physical cause.
Do not show any readable text, letters, numbers, logos or brand marks on screens, laptop lids, mugs or clothing; screens show only abstract colour shapes. Do not add other people, robots or animals. Do not let props appear, vanish or duplicate. Do not mirror the room layout. No speech, no singing, no music.

Sound: crisp cartoon sound effects only, as tagged in the beats; room tone; no dialogue, no music.

KEYFRAME S6 (pick v2, refs: PIP NOOR OFFICE) | nano_banana_2 | Higgsfield | 16:9 | 2K still

Reference images: the first is PIP (take the robot's body, face screen, mint eyes, antenna, grey limbs and blank badge exactly from its sheet; ignore the sheet layout and labels); the second is NOOR (take her face, glasses, bun with pencil, maroon hoodie exactly from her sheet; ignore the sheet layout and labels); the third is the OFFICE set (ignore the view labels and the floor plan).
Environment: Cramped one-room startup office at night; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow.
Wide static shot, 24mm, the front view of the whole desk (VIEW A): NOOR asleep face-down on her folded arms at the desk, glasses pushed up on her head. PIP is a small glowing figure on the right of the desk racing toward the sticky-note wall. Monitors and laptop all glowing with finished abstract work. The window behind shows the deep blue night beginning to turn pale at the horizon.
Premium 3D animated feature-film still, soft global illumination, gentle depth of field, rich warm-cool contrast. Widescreen 16:9 composition with the main action in the centre of the frame. No text, no letters, no numbers, no logos anywhere: screens show only abstract colour shapes.

VIDEO S6 (take t2, first frame = keyframe S6 v2) | seedance_2_5_draft.frames | InVideo | 16:9 | 5 s

The first frame is the attached image; continue from it exactly, keeping every character's look, the room and the props as they appear in it.
Create an exactly 5-second 16:9 premium 3D animated workplace comedy shot. Shot grammar: 24mm | 5s | STATIC | WIDE.
Logline: Overnight time-lapse: NOOR sleeps while PIP

finishes everything.
Premium 3D animated feature-film look: soft global illumination, gentle depth of field, rich warm lamp light against cool blue screen glow, expressive but physically believable animation with weight and contact shadows.
World: Cramped one-room startup office; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow. Same desk, same window behind it, same sticky-note wall on the right, same lamp on the left in every shot.
PIP is about 10 cm tall, smaller than the white mug. He has exactly one head-body, two arms, two legs and one antenna. He has no mouth; he emotes only with his two glowing eyes. One PIP only: no duplicates, no motion-trail copies, no ghost bodies.
Beats:
0-5s: locked-off wide of the whole desk. NOOR sleeps face-down on her folded arms, breathing slowly, almost motionless. PIP races in fast-forward between the laptop, the two monitors and the sticky-note wall, a small glowing figure that is always in one place at a time; the screens fill with finished colourful work. <fast ticking clock, gentle whooshes>
Outside the window the sky shifts smoothly from deep night blue to pale dawn pink; the city lights fade out. The desk lamp stays on.
Continuity: NOOR does not get up. Only PIP moves fast; NOOR and the furniture stay put. Every moving object has a visible physical cause.
Do not show any readable text, letters, numbers, logos or brand marks on screens, laptop lids, mugs or clothing; screens show only abstract colour shapes. Do not add other people, robots or animals. Do not let props appear, vanish or duplicate. Do not mirror the room layout. No speech, no singing, no music.
Sound: crisp cartoon sound effects only, as tagged in the beats; room tone; no dialogue, no music.

KEYFRAME S7 (pick v1, refs: NOOR OFFICE) | nano_banana_2 | Higgsfield | 16:9 | 2K still

Reference images: the first is NOOR (take her face, glasses, bun with pencil, maroon hoodie exactly from her sheet; ignore the sheet layout and labels); the second is the OFFICE set (ignore the view labels and the floor plan).
Environment: Cramped one-room startup office at night; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow.
Medium-close at desk level, 50mm, dawn light: NOOR lifting her head from the desk, a yellow sticky note stuck to her cheek, hair messy, glasses sliding down her nose, eyes going wide in SHOCKED expression, lit by warm sunrise from the window and the cool glow of the screens.
Premium 3D animated feature-film still, soft global illumination, gentle depth of field, rich warm-cool contrast.
Widescreen 16:9 composition with the main action in the centre of the frame. No text, no letters, no numbers, no logos anywhere: screens show only abstract colour shapes.

VIDEO S7 (take t1, first frame = keyframe S7 v1) | seedance_2_5_draft.frames | InVideo | 16:9 | 4 s

The first frame is the attached image; continue from it exactly, keeping every character's look, the room and the props as they appear in it.
Create an exactly 4-second 16:9 premium 3D animated workplace comedy shot. Shot grammar: 50mm | 4s | STATIC | MEDIUM-CLOSE.
Logline: Dawn: NOOR wakes up and sees all the finished work.
Premium 3D animated feature-film look: soft global illumination, gentle depth of field, rich warm lamp light against cool blue screen glow, expressive but physically believable animation with weight and contact shadows.
World: Cramped one-room startup office; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools

against cool blue monitor glow. Same desk, same window behind it, same sticky-note wall on the right, same lamp on the left in every shot.
NOOR is the only character in this shot.
Beats:
0-1.5s: NOOR slowly lifts her head from the desk; a yellow sticky note is stuck to her cheek; she blinks, sleepy. <morning bird outside>
1.5-3s: she looks past camera at the screens; her eyes go wide and her mouth drops open. <comic double-take sting>
3-4s: her round glasses slide down to the tip of her nose; she freezes in shock. <tiny glasses slide>
Continuity: She stays seated. The sticky note stays on her cheek for the whole shot. Every moving object has a visible physical cause.
Do not show any readable text, letters, numbers, logos or brand marks on screens, laptop lids, mugs or clothing; screens show only abstract colour shapes. Do not add other people, robots or animals. Do not let props appear, vanish or duplicate. Do not mirror the room layout. No speech, no singing, no music.
Sound: crisp cartoon sound effects only, as tagged in the beats; room tone; no dialogue, no music.

KEYFRAME S8 (pick v2, refs: PIP NOOR OFFICE) | nano_banana_2 | Higgsfield | 16:9 | 2K still

Reference images: the first is PIP (take the robot's body, face screen, mint eyes, antenna, grey limbs and blank badge exactly from its sheet; ignore the sheet layout and labels); the second is NOOR (take her face, glasses, bun with pencil, maroon hoodie exactly from her sheet; ignore the sheet layout and labels); the third is the OFFICE set (ignore the view labels and the floor plan).
Environment: Cramped one-room startup office at night; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow.
Two-shot at desk level, 50mm, warm sunrise: on the desk PIP

stands proudly beside the glass jar (one gold coin inside) holding up a tiny thimble-sized cup; NOOR leans in from the left, laughing, raising her white mug toward him for a toast. Both in frame and in focus, the screens glowing behind. Premium 3D animated feature-film still, soft global illumination, gentle depth of field, rich warm-cool contrast. Widescreen 16:9 composition with the main action in the centre of the frame. No text, no letters, no numbers, no logos anywhere: screens show only abstract colour shapes.

VIDEO S8 (take t1, first frame = keyframe S8 v2) | seedance_2_5_draft.frames | InVideo | 16:9 | 5 s

---

The first frame is the attached image; continue from it exactly, keeping every character's look, the room and the props as they appear in it.
Create an exactly 5-second 16:9 premium 3D animated workplace comedy shot. Shot grammar: 50mm | 5s | STATIC | TWO-SHOT.
Logline: Payoff: NOOR, laughing, toasts her tiny employee.
Premium 3D animated feature-film look: soft global illumination, gentle depth of field, rich warm lamp light against cool blue screen glow, expressive but physically believable animation with weight and contact shadows.
World: Cramped one-room startup office; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow. Same desk, same window behind it, same sticky-note wall on the right, same lamp on the left in every shot.
PIP is about 10 cm tall, smaller than the white mug. He has exactly one head-body, two arms, two legs and one antenna. He has no mouth; he emotes only with his two glowing eyes. One PIP only: no duplicates, no motion-trail copies, no ghost bodies.
Beats:
0-1.8s: warm sunrise two-shot; PIP stands proudly on the desk beside the jar with the one gold coin, holding up a tiny thimble-sized cup; NOOR leans in from the left, laughing.

<warm laugh, no words>
1.8-3.4s: NOOR lowers her white mug toward PIP and he lifts his tiny cup; they clink. <tiny ceramic clink>
3.4-5s: NOOR sips; PIP mimics her and tips his tiny cup to his face screen; his eyes curve happily. <contented sigh, cheerful beep>
Continuity: One mug, one tiny cup, one jar with one coin. NOOR's hands are the only hands that touch the mug. Every moving object has a visible physical cause.
Do not show any readable text, letters, numbers, logos or brand marks on screens, laptop lids, mugs or clothing; screens show only abstract colour shapes. Do not add other people, robots or animals. Do not let props appear, vanish or duplicate. Do not mirror the room layout. No speech, no singing, no music.
Sound: crisp cartoon sound effects only, as tagged in the beats; room tone; no dialogue, no music.

KEYFRAME S9 (pick v1, refs: PIP OFFICE) | nano_banana_2 | Higgsfield | 16:9 | 2K still

Reference images: the first is PIP (take the robot's body, face screen, mint eyes, antenna, grey limbs and blank badge exactly from its sheet; ignore the sheet layout and labels); the second is the OFFICE set (ignore the view labels and the floor plan).
Environment: Cramped one-room startup office at night; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow.
Wide shot, 24mm, from just inside the window looking back over the desk at sunrise: warm golden light floods the room; PIP sits on top of monitor B swinging his legs and waving one mitten hand; the desk is covered in finished work glowing on every screen; NOOR's chair empty, her mug on the desk.
Premium 3D animated feature-film still, soft global illumination, gentle depth of field, rich warm-cool contrast. Widescreen 16:9 composition with the main action in the

centre of the frame. No text, no letters, no numbers, no logos anywhere: screens show only abstract colour shapes.

VIDEO S9 (take t1, first frame = keyframe S9 v1) | seedance_2_5_draft.frames | InVideo | 16:9 | 4 s

The first frame is the attached image; continue from it exactly, keeping every character's look, the room and the props as they appear in it.
Create an exactly 4-second 16:9 premium 3D animated workplace comedy shot. Shot grammar: 24mm | 4s | PULL-OUT | WIDE.
Logline: Sunrise outro: the camera pulls away as PIP waves from the monitor.
Premium 3D animated feature-film look: soft global illumination, gentle depth of field, rich warm lamp light against cool blue screen glow, expressive but physically believable animation with weight and contact shadows.
World: Cramped one-room startup office; one wooden desk under a tall window of distant city lights, with a laptop, two monitors and a sticky-note wall; warm desk-lamp pools against cool blue monitor glow. Same desk, same window behind it, same sticky-note wall on the right, same lamp on the left in every shot.
PIP is about 10 cm tall, smaller than the white mug. He has exactly one head-body, two arms, two legs and one antenna. He has no mouth; he emotes only with his two glowing eyes. One PIP only: no duplicates, no motion-trail copies, no ghost bodies.
Beats:
0-2s: slow pull-out away from the desk toward the window glass; PIP sits on top of monitor B, legs swinging, and waves one mitten hand at the camera. <morning birds, soft city>
2-4s: the pull-out continues through the window frame to see the whole room glowing with warm golden sunrise; every screen shows finished colourful work; PIP keeps waving. <warm ambient swell>
Continuity: PIP stays seated on monitor B for the whole shot. Every moving object has a visible physical cause.

Do not show any readable text, letters, numbers, logos or brand marks on screens, laptop lids, mugs or clothing; screens show only abstract colour shapes. Do not add other people, robots or animals. Do not let props appear, vanish or duplicate. Do not mirror the room layout. No speech, no singing, no music.
Sound: crisp cartoon sound effects only, as tagged in the beats; room tone; no dialogue, no music.

MUSIC | elevenlabs_music_v2_5_instrumental | InVideo | audio | 46 s

Playful quirky office-comedy instrumental for an animated short, 46 seconds. 0-4 s: a single plucked pizzicato motif, curious and sneaky. 4-24 s: an upbeat bouncy groove with pizzicato strings, marimba, light claps and a walking bass, building energy section by section as a tiny robot works through three jobs. 24-29 s: a sped-up busy montage feel with ticking percussion. 29-33 s: everything stops, a soft held chord as someone wakes up at dawn. 33-40 s: warm triumphant resolve with glockenspiel and strings. 40-46 s: confident tagline ending, two final hits and a short ringing tail. No vocals.

SFX COIN | elevenlabs_sfx | InVideo | audio | 3 s

A single gold coin dropped into an empty glass jar: one bright clink and a small bounce, close-miked

SFX POWER | elevenlabs_sfx | InVideo | audio | 3 s

A tiny cute robot powering on: a short rising electronic chime with a soft servo whirr and a happy beep

SFX KEYS | elevenlabs_sfx | InVideo | audio | 4 s

Rapid tiny footsteps running across a laptop keyboard, quick light key clicks in a running rhythm

SFX WHOOSH | elevenlabs_sfx | InVideo | audio | 3 s

Two quick light airy cartoon whooshes

SFX THUNK | elevenlabs_sfx | InVideo | audio | 3 s

A big satisfying keyboard Enter key thunk followed by a bright confetti pop and a tiny celebratory fanfare blip

SFX KACHING | elevenlabs_sfx | InVideo | audio | 3 s

A crisp cash register ka-ching with a coin jingle, short and clean

SFX WAKE | elevenlabs_sfx | InVideo | audio | 4 s

Early morning in a city apartment: a few birds chirping outside a window, soft distant traffic

SFX TOAST | elevenlabs_sfx | InVideo | audio | 3 s

A ceramic coffee mug clinking against a tiny ceramic cup, then a small cheerful robot beep

VO end card (library voice 'James - Warm American Narrator') | elevenlabs_text_to_speech.elevenlabs_tts_v4 | InVideo | audio | 3.6 s

Twenty dollars a month. Two thousand dollars of work.
