Prompt video

Create a 30-second ultra-photorealistic cinematic vertical travel film of MUMBAI, INDIA, designed in the exact visual style of a premium aerial city-reveal video.

FORMAT:
Vertical 9:16.
Ultra-realistic live-action.
Premium cinematic travel commercial.
Fast-paced sequence of beautiful short shots.
Continuous smooth aerial/drone-style camera movement.
Every shot should feel visually different and impressive, with elegant transitions between landmarks.

OVERALL CONCEPT:
Create a cinematic journey through Mumbai along the Arabian Sea coastline, beginning in bright daylight and gradually transitioning through warm golden hour into deep

blue evening and nighttime.

The entire video should feel like a professionally produced luxury travel advertisement.

0–4 SECONDS — ARABIAN SEA OPENING:

Begin above the Arabian Sea off the Mumbai coastline in bright daylight.

A large sightseeing boat moves through the foreground while the camera smoothly glides forward over the water.

Reveal the Bandra Worli Sea Link in the distance.

Use natural water reflections, realistic boats, realistic city movement and detailed Mumbai architecture.

At the top of the frame, introduce elegant minimal title text:

MUMBAI
INDIA · ASIA

with a small Indian flag underneath.

Keep the typography clean, premium and centered.

4–7 SECONDS — BANDRA WORLI SEA LINK:

The camera rapidly but smoothly approaches the Bandra Worli Sea Link from above the sea.

Fly past the bridge at a slight diagonal angle.

Show the massive central pylons, cable-stayed fans of cables, roadway and sea beneath.

Include realistic fishing boats moving through the water.

Use cinematic motion blur only from natural camera movement.

7–10 SECONDS — BRIDGE PASS:

Transition into a dynamic aerial shot passing close beneath/alongside the Bandra Worli Sea Link.

Reveal the Mumbai skyline beyond it.

The camera tilts naturally while continuing forward.

The movement should feel like a professional cinematic drone flight, not artificial CGI.

10–14 SECONDS — GATEWAY OF INDIA:

Transition to a wide aerial view of the Gateway of India and the Taj Mahal Palace hotel beside Mumbai Harbour.

Show Colaba glowing in warm golden-hour sunlight.

Include boats moving naturally across the harbour.

The camera slowly sweeps sideways while maintaining a smooth cinematic flight path.

11–16 SECONDS — MUMBAI SKYLINE:

Continue the aerial journey along the coastline.

Reveal the Worli and Lower Parel high-rise skyline prominently in the distance with Mumbai's modern towers surrounding it.

Show the Marine Drive promenade, sea traffic, streets and buildings below.

The lighting gradually changes from golden hour toward blue

hour.

16–20 SECONDS — BLUE HOUR:

The camera rises higher above Back Bay.

Mumbai begins lighting up.

Show the illuminated Sea Link, moving traffic, boats leaving subtle light trails and the glowing city skyline.

Marine Drive's Queen's Necklace becomes brightly illuminated against the deepening blue sky.

20–25 SECONDS — NIGHT CITY:

Transition into a spectacular nighttime aerial shot.

Show the Gateway of India, the Taj Mahal Palace hotel, the Worli skyline, the illuminated Sea Link and the Arabian Sea filled with reflections.

The city should look alive and realistic.

Use elegant cinematic camera movement through the skyline.

25–30 SECONDS — GRAND AERIAL REVEAL:

Finish with a huge high-altitude aerial shot revealing South Mumbai at night.

Show the Arabian Sea coastline curving around the city, the illuminated Sea Link, Marine Drive's Queen's Necklace, the Gateway of India, the Worli skyline, Haji Ali Dargah and surrounding city lights.

The camera slowly pulls upward and backward, continuously expanding the view until Mumbai fills the entire frame.

End on a breathtaking premium travel-film composition.

VISUAL STYLE:

Ultra-photorealistic.
High-end cinematic travel advertisement.
Premium aerial cinematography.
Realistic Mumbai architecture.
Realistic Arabian Sea water.
Realistic boats and traffic.
Natural atmospheric depth.
Beautiful reflections.
Natural motion blur.
Smooth drone-style camera movement.
Cinematic depth of field.
Professional color grading.

LIGHTING PROGRESSION:

Bright clear daylight at the beginning.
Warm golden-hour sunlight in the middle.
Soft blue-hour transition.
Deep blue evening.
Beautiful illuminated Mumbai at night.

CAMERA STYLE:

Fast but smooth cinematic aerial movement.
Diagonal passes.
Forward drone flights.
Sideways sweeps.
Low passes over the Arabian Sea.
Close passes around the Bandra Worli Sea Link.
High-altitude city reveals.
Large cinematic pull-back at the ending.

No static slideshow feeling.
Every shot must have purposeful camera movement.

ENVIRONMENT:

Realistic Mumbai.
Arabian Sea coastline.
Bandra Worli Sea Link.
Gateway of India.
Taj Mahal Palace hotel.
Marine Drive.
Haji Ali Dargah.
Modern Mumbai skyline.
Bridges.
Tourist boats.
Sea traffic.
City streets.
Natural pedestrian and vehicle activity.

Keep landmark proportions and architecture realistic and recognizable.

AUDIO:

Natural cinematic Mumbai ambience:
sea waves,
boat engines,
distant city traffic,
subtle urban ambience.

Optional subtle cinematic travel sound design.

NO narration.
NO dialogue.

NEGATIVE PROMPT:

NO fantasy city.
NO futuristic buildings.
NO distorted landmarks.
NO fake architecture.
NO impossible bridges.

NO warped Bandra Worli Sea Link.
NO distorted Gateway of India.
NO distorted Taj Mahal Palace hotel.
NO duplicated buildings.
NO duplicated boats.
NO unrealistic water.
NO cartoon.
NO animation.
NO CGI-looking environment.
NO excessive camera shake.
NO random camera cuts.
NO slow motion.
NO artificial neon effects.
NO excessive lens flares.
NO watermark.

Make the entire 30-second video feel like an expensive professional Mumbai tourism advertisement filmed with a cinematic drone.
