setting:
  location: "Wartime field hospital surgery tent"
  time: "Night"
  atmosphere: "Hot, crowded, airless, straight drama. No comedy sketch energy."

characters:
  - name: "Kang Min-jae"
    description: "Korean male military surgeon, early 30s. Slightly messy black hair, visible fatigue from long shifts, quick mouth, quick mind. Wearing surgical scrubs with a loose military jacket."
  - name: "Han Seo-yoon"
    description: "Korean female head nurse, early 30s. Calm, efficient, authoritative. Hair tied back, clean uniform, forceful actions, quiet voice."

performance_tone:
  style: "Naturalistic, grounded, unstaged."

dynamic: "They work while testing each other. Chemistry comes from eye contact, breath, pauses, and timing instead of overt performance."
speech_style: "No crisp theatrical diction, no robotic line reading. Allow swallowed words, slight overlap, short pauses, and audible breath. Lines should feel spontaneous and tied to the action."

dialogue:
- speaker: "Min-jae"
line: "Hasn't anyone ever told you? When you're angry... you actually look better."
delivery: "Casual, low voice, lightly testing her while she is busy."
- speaker: "Seo-yoon"
line: "They have. Usually when they were under my hands."
delivery: "Calm, cutting, delayed by half a beat, with one brief sharp look."
- speaker: "Min-jae"
line: "Damn. I think I may actually be falling for you."
delivery: "Unplanned, genuinely hit, followed by a small breathy laugh."

camera_direction:
style: "Handheld only, as if a third person is standing beside the table and overhearing the exchange."
movement: "Reactive pans driven by character reactions. No mechanical left-right swinging, no flashy choreography, no floating gimbal feel."

shot_plan:
- timestamp: "0.0-3.0s"
action: "Move through the tent interior past trays, gauze, clamps, and medics crossing frame, then land at the operating table. Seo-yoon arranges instruments. Min-jae pulls off one glove and glances at her."
- timestamp: "3.0-6.5s"
action: "Medium close shot on Min-jae. He tosses the line

while she is still working, like he is testing the water rather than making a grand move."
    - timestamp: "6.5-11.0s"
      action: "Camera pulls to Seo-yoon. She keeps setting instruments in place without looking at him at first. On 'under my hands,' she gives him one brief, clean, sharp look."
    - timestamp: "11.0-15.0s"
      action: "Snap back to Min-jae, closer than before. Catch the half-second blank look, the exhale, the small laugh, and the unpolished final line before he drops his gaze back to work."

  action_direction:
    - "Neither of them stops moving while speaking."
    - "Seo-yoon sorts instruments, turns a tray, wipes her hands, passes a clamp."
    - "Min-jae pulls off a glove, braces a hand on the table edge, looks down with a short laugh, then looks back up."

  visuals:
    lighting: "Harsh surgical lamps striking faces and hands directly, with cold green shadows in the tent background."
    texture: "Real skin texture, sweat sheen, tired eyes, no skin smoothing, no soft-focus glamour, no idol-drama diffusion."
    framing: "Tight, reactive, pressure-filled."

  audio:
    elements:
      - "Light metal instrument clinks"
      - "Fabric rustling"
      - "Subdued distant orders"
      - "Low tent room tone"
    voice: "Close, dry, natural, with audible breath."
