    "lens": "24mm wide angle",
    "starting_position": "Camera low behind the batsman, cricket pitch visible ahead, bowler frozen mid-delivery stride at the far end, ball suspended in air halfway down the pitch, stadium crowd frozen in background",
    "camera_movement": "Smooth continuous counter-clockwise 270-degree orbit around the batsman at constant low height and constant speed. The orbit reveals the frozen bowler, the frozen fielders in position, the frozen crowd with mouths open. Camera ends directly in front of the batsman, facing him, bat raised high, ball just above the bat. Camera stops and holds."

suspended ball. Bowler frozen in follow-through position. Six fielders frozen in ready stances across the ground. All players absolutely motionless for the entire orbit.",
    "props": "Red cricket ball frozen in mid-air between bowler and batsman. Dust particles suspended motionless around batsman's feet. Stumps behind the batsman."
  },
  "visual_details": {
    "during_orbit": "All players on the pitch completely frozen. Only the stadium crowd in the background may have very slight slow motion movement. Banners barely shifting.",
    "time_release": "The instant camera reaches front-facing position and stops, time releases. The batsman explodes into the shot, bat swings through with full power, connects with the ball with a sharp crack. The ball launches directly toward the camera lens in a straight line, growing rapidly until it fills the entire frame. Cut to black."
